INTRODUCTION

Follow this guide to replace the front wheel on the Yujin Robot iCLEBO Arte.

Step 1 — Front Wheel

- Locate the panel which covers the wheel on the back of the Yujin Robot iCLEBO Arte.

Step 2

- Locate the hinges, and gently prop them open with your fingers.

Step 3

- Remove the front wheel and clean its axle of any hair and debris. Replace the wheel if the cleaning does not solve your issue.

To reassemble your device, follow these instructions in reverse order.
